

The Illinois Academy of General Dentistry, in conjunction with the Wisconsin Academy of General Dentistry, is pleased to present this program leading to Mastership certification in the Academy. To complete the Mastership Program, candidates must enroll for 600 hours of continuing education, 400 of which must be of participatory nature.

CE Credits

16 hours of participation credit for those who attend the 2 days of lecture and hands-on. 34 total hours of participation credit to those who attend the 2 days of lecture and hands-on, complete the assigned protocol in their office, and return to document the protocol assignment.

Protocol Reporting Session

The reporting session for in-office protocols from previous Mastertrack sessions will be held at 5:00 PM on Thursday, Oct. 12, 2017 in Gallery 2 of the Springhill Suites Elmhurst, 410 West Lake Street, Elmhurst.

Please RSVP to Dr. Sy Wachtenheim by Oct. 5, 2017 to present protocol reports on past Mastertrack Sessions.

Meals

Attendees will be furnished a continental breakfast each morning, lunch each day, and a Friday night banquet, the Dr. Barry Karlov Memorial Bash, at the DoubleTree by Hilton in Wood Dale.

Who Should Attend?

These hands-on programs were originally designed for AGD Fellows striving to be AGD Masters, but we've learned that these programs can be valuable to all dentists—from new grads to the most experienced clinicians.

Speaker's Biography

Dr. Robert Convissar is a pioneer in the field of laser dentistry. One of the first dentists to use lasers in general practice, he has over 27 years of experience with CO₂, Diode, Erbium, 7 ND.YAG lasers. He is the author of over 15 peer review papers on lasers, has served as a contributing editor of 5 laser dentistry textbooks and delivered over 300 Laser Dentistry Certification courses worldwide.

Course Summary

The first day will detail laser use in the following subject matters:

1. Non-Surgical, Surgical and Regenerative Periodontal Therapy
2. Surgical & Restorative Implantology
3. Fixed and Removable Prosthetics
4. Oral Medicine/Oral Surgery, Oral Pathology
5. Pediatric and Adolescent Operative Dentistry
6. Endodontics
7. Pedodontics/Orthodontics
8. Esthetic/Cosmetic Dentistry
9. Practice Management/Marketing

The second day workshop will give each participant hands-on experience with the various wavelengths performing surgical procedures on in Vitro models (Pig Mandibles). Real time videos of routine laser procedures will be part of the in-depth discussion of specific instrument settings and techniques for laser surgical procedures.

Course Objectives

At the course conclusion participants will:

1. be familiar with the various wavelengths used in dentistry today,
2. understand the basics of laser tissue interaction,
3. understand the use of lasers for specific oral diseases and pathologies found in daily practice,
4. be able to incorporate this knowledge into a basis for determining which laser is best for his or her practice,
5. be able to start practicing laser dentistry first thing Monday morning.

New Dentists!!!

Two full Scholarships will be made available at each program to AGD member dentists who have graduated less than 3 years ago!

For information, contact: Dr. Sy Wachtenheim at tzaner2@gmail.com or call 847-858-1927.

Many of our programs allow the Course Director to award CE credits in a number of different subject codes. For further information please consult Dr. Sy Wachtenheim.

Presenting a program of this nature is a group effort and would not be possible without the assistance of many individuals and companies. A complete listing of contributing companies will be available at the program site.
