

The Illinois Academy of General Dentistry, in conjunction with the Wisconsin Academy of General Dentistry, is pleased to present this program leading to Mastership certification in the Academy. To complete the Mastership Program, candidates must enroll for 600 hours of continuing education, 400 of which must be of participatory nature.

### CE Credits

16 hours of participation credit for those who attend the 2 days of lecture and hands-on. 34 total hours of participation credit to those who attend the 2 days of lecture and hands-on, complete the assigned protocol in their office, and return to document the protocol assignment.

### Protocol Reporting Session

The reporting session for in-office protocols from previous Mastertrack sessions will be held at 5:00 PM on Thursday, April 12, 2018 in Gallery 2 of the Springhill Suites Elmhurst, 410 West Lake Street, Elmhurst.

**Please RSVP to Dr. Sy Wachtenheim by April 5, 2018 to present protocol reports on past Mastertrack Sessions.**

### Meals

Attendees will be furnished a continental breakfast each morning, lunch each day, and a Friday night banquet, the Dr. Daniel Beer Memorial Bash.

### Who Should Attend?

These hands-on programs were originally designed for AGD Fellows striving to be AGD Masters, but we've learned that these programs can be valuable to all dentists—from new grads to the most experienced clinicians.

### Program Site

Midway Education Center  
185 Hansen Ct. Suite 110  
Wood Dale, IL 60191  
800-474-6111

### Illinois Academy of General Dentistry

Sy Wachtenheim, D.D.S., M.A.G.D.  
7031 W. Touhy Ave., #306  
Niles, IL 60714-4394

Approved PACE Program Provider

FAGD/MAGD Credit

Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement  
7/31/2017 - 08/01/2023

Another fine program brought to you by the Illinois AGD

FAGD/MAGD Approved

**Register Online at [ILAGD.org](http://ILAGD.org)**

## Speaker's Biography

Dr. Schwartz is a 1980 graduate of Baylor University College of Dentistry. He completed a general practice residency in dentistry in 1981. In 1991 he obtained his Bachelor of Science degree in Nursing from St. Louis University. He then obtained a Certificate in Nurse Anesthesia from Washington University School of Nurse Anesthesia. He has practiced as a CRNA since 1994 and practices dentistry with an interest in anesthesia in dental practices, delivering care to patients as a licensed dentist with a certificate in deep sedation/general anesthesia.

## Course Description

Students will have the opportunity to learn to apply anesthesia and sedation concepts of patient care and skills toward their patients in their general dental practice. We will discuss those skills as they relate to the patient care by general dentists. Dentists will learn about considerations for the "16 Toughest Patients to Treat," discuss the most common dental emergencies in general practice and review the emergency medications typically found in dental office emergency kits. The dentists will then develop, through individual hands-on sessions, both intravenous insertion skills and airway management skills.

## Course Objectives

- Lectures (6)
- Practical Labs (2)
- Sixteen Tough Patients
- Bootcamp
- Anesthesia Medical Emergencies, Parts 1 & 2
- Essentials of the Airway
- Corneal Abrasion and Positioning
- Emergency Medications
