

The Illinois Academy of General Dentistry, in conjunction with the Wisconsin Academy of General Dentistry, is pleased to present this program leading to Mastership certification in the Academy. To complete the Mastership Program, candidates must enroll for 600 hours of continuing education, 400 of which must be of participatory nature.

### CE Credits

16 hours of participation credit for those who attend the 2 days of lecture and hands-on. 34 total hours of participation credit to those who attend the 2 days of lecture and hands-on, complete the assigned protocol in their office, and return to document the protocol assignment.

### Protocol Reporting Session

The reporting session for in-office protocols from previous Mastertrack sessions will be held at 5:00 PM on Thursday, Nov. 9, 2017 in Gallery 2 of the Springhill Suites Elmhurst, 410 West Lake Street, Elmhurst.

**Please RSVP to Dr. Sy Wachtenheim by Nov. 2, 2017 to present protocol reports on past Mastertrack Sessions.**

### Meals

Attendees will be furnished a continental breakfast each morning, lunch each day, and a Friday night banquet, the Dr. Barry Karlov Memorial Bash, at the DoubleTree by Hilton in Wood Dale.

### Who Should Attend?

These hands-on programs were originally designed for AGD Fellows striving to be AGD Masters, but we've learned that these programs can be valuable to all dentists—from new grads to the most experienced clinicians.

## Speaker's Biography

Dr. Sam Halabo is an accomplished national and international speaker, author and product evaluator. For over 20 years he has run a state-of-the-art private practice in San Diego, CA. He is a graduate of Boston University Goldman School of Graduate Dentistry and he completed a general practice residency at the Loma Linda Veterans Hospital. He is an adjunct faculty at UCSD. He served as Director of Dental Care at UCSD clinic in Pacific Beach, CA. He has been involved in product evaluations for many years and is proud and honored to share his experience with those seeking to provide excellent care for their patients.

## Course Description

Modern Dentistry is ever changing with the constant introduction of new materials and techniques. This 2-day course will provide a strong foundation for the practicing dentist, as well as update their knowledge in current and successful materials. The presentations are designed as clinical updates, offering clinical success with composites, adhesives, ceramics, cements, and numerous other materials. Each day will feature a hands-on portion to allow practitioners to use the very materials discussed, in detail. This fast paced course will improve your practice and selection of dental materials, and is designed to provide the information that can be used the following day in your office.

## Course Objectives

1. Apply and use direct restorative options for conservative smile restorations.
2. Incorporate appropriate adhesive and cementation protocols specific to a restorative material and indication.
3. Understand concepts, guidelines, and techniques for tooth preparation for high strength all ceramic restorations.
4. Simplify tissue management for ideal impressions.
5. Use shade selection to obtain ideal results for any restoration.

*Refund Policy: Full tuition refund available without penalty any time before the course begins.*

6. Learn a fast and simple temporization technique.
7. Increase the cosmetic aspect of your practice with simple techniques and ideas.
8. Understand the options available for scanning and milling.
9. Use predictable tooth whitening techniques.
10. Plus a whole lot more.

## New Dentists!!!

Two full Scholarships will be made available at each program to AGD member dentists who have graduated less than 3 years ago!  
For information, contact: Dr. Sy Wachtenheim at tzaner2@gmail.com or call 847-858-1927.

*Presenting a program of this nature is a group effort and would not be possible without the assistance of many individuals and companies. A complete listing of contributing companies will be available at the program site.*
