

The Illinois Academy of General Dentistry in conjunction with the Wisconsin Academy of General Dentistry are pleased to present this program leading to Mastership certification in the Academy. To complete the Mastership Program, candidates must enroll for 600 hours of continuing education, 400 of which must be of participatory nature.

CE Credits

16 hours of participation credit for those who attend the 2 days of lecture and hands-on. 34 total hours of participation credit to those who attend the 2 days of lecture and hands-on, complete the assigned protocol in their office, and return to document the protocol assignment.

Protocol Reporting Session

The reporting session for in-office protocols from previous Mastertrack sessions will be held at 5:00 PM on Thursday, May 19, 2016 in Gallery 2 of the Springhill Suites Elmhurst, 410 West Lake Street, Elmhurst.

Please RSVP to Dr. Sy Wachtenheim by May 11, 2016 to present protocol reports on past Mastertrack Sessions.

Meals

Attendees will be furnished a continental breakfast each morning, lunch each day, and a Friday night banquet, the Dr. Barry Karlov Memorial Bash.

Who Should Attend?

These hands-on programs were originally designed for AGD Fellows striving to be AGD Masters, but we've learned that these programs can be valuable to all dentists—from new grads to the most experienced clinicians.

Speaker's Biography

M. Nader Sharifi holds a certificate in Prosthodontics & a Master's degree in biomaterials. He maintains a full time private practice in general dentistry in downtown Chicago. He is a Fellow of the American College of Dentists & a member of the American Academy of Restorative Dentistry. He was awarded the Gordon Christensen Distinguished Lecturer Award in 2007 by the Chicago Dental Society.

Course Description

Adding implants under a compromised complete or partial denture can be a viable improvement for a struggling patient. This course will clarify the specific steps that will have a huge impact on the success of these removable restorations. We will review state of the art procedures for the highest quality removable prosthodontics. The course will include a thorough review of the science, fact & opinion of adding implants under an RPD or complete denture.

Course Objectives

- Discuss critical steps for success with complete denture & overdentures
- Understand the differences in implant size & location for overdentures.
- Learn to modify impression techniques for attachments & implants.
- Complete a hands-on exercise to apply a modified impression technique.
- Classify different implants & attachments to better understand their use.
- Complete hands-on RPD framework design with implants & attachments.
- Reinforce treatment planning ideals for future cases in your practice

New Dentists!!!

Two full Scholarships will be made available at each program to AGD member dentists who have graduated less than 3 years ago! For information, contact: Dr. Sy Wachtenheim at tzaner2@gmail.com or call 847-858-1927.

Many of our programs allow the Course Director to award CE credits in a number of different subject codes. For further information please consult Dr. Sy Wachtenheim.

Presenting a program of this nature is a group effort and would not be possible without the assistance of many individuals and companies. A complete listing of contributing companies will be available at the program site.

Schedule - May 20-21, 2016

8:00 am - 12:00 pm	Lecture and/or Hands-on
