

Approved PACE Program Provider, FAGD/MAGD Credit Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. 7/31/13 to 7/31/2017

COURSE DESCRIPTION

Day 1 of this course will provide an in-depth learning experience that will provide you with the confidence needed to perform endodontic procedures from beginning to end with accuracy and efficiency. You will discover practical and scientifically proven techniques to incorporate into your root canal therapies that will aid in the predictable success of your procedures. **Day 2** will take you through all aspects of the root canal treatment process, focusing on each element in detail. You will be guided systematically through access preparation and glide path management, innovative instrumentation techniques, irrigation protocols supported by activation technology and 3D fills in the most challenging canal systems. Develop a passion for endodontics from diagnosis to final obturation.

ADA CERP® | Continuing Education Recognition Program *SIU School of Dental Medicine is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. SIU School of Dental Medicine designates this activity for continuing education credits. This continuing education activity has been planned and implemented in accordance with the Standards of the ADA CERP through joint efforts between SIU School of Dental Medicine and Central Illinois Academy of General Dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.*

ABOUT THE SPEAKER

Dr. Landwehr is Chief of Endodontics for the Meriter Hospital general practice residency program in Madison, WI. He has presented case studies in endodontics and oral pathology both nationally and internationally. In addition, he has published several articles in various peer reviewed journals and served as an evidence reviewer for the American Dental Association. Dr. Landwehr earned his D.D.S. at the University of Minnesota; he also holds an M.S. degree and certificate in Oral and Maxillofacial Pathology from The Ohio State University and has completed specialty training in endodontics at the University of Michigan. Dr. Landwehr has maintained a private practice in his home state of Wisconsin since 1999.

CENTRAL ILLINOIS ACADEMY OF GENERAL DENTISTRY

RELIABLE ENDODONTIC OUTCOMES
The Latest Techniques for Enhancing Your Practice
Dr. David Landwehr

Course Objectives:

- At the completion of this seminar, participants will be knowledgeable in:
1. The ability to accurately diagnose endodontic cases and create a comprehensive treatment plan
 2. Developing a deeper understanding of every integrated step in endodontic therapy
 3. Understanding a repeatable plan for the establishment of a glide path in any root canal anatomy
 4. Understanding how the design features and working characteristics of a single file reciprocating instrumentation system increase clinical efficiency and predictability
 5. Maximizing clinical success with enhanced irrigation protocols to eliminate bacteria from the root canal system
 6. Creating a dense and repeatable three-dimensional filling in the most complicated canal anatomies

Supplies: For the hands-on session on March 19, 2016 please bring 2-3 accessed teeth and loupes.

Protocol Reporting Session
