

The Illinois Academy of General Dentistry in conjunction with the Wisconsin Academy of General Dentistry are pleased to present this program leading to Mastership certification in the Academy. To complete the Mastership Program, candidates must enroll for 600 hours of continuing education, 400 of which must be of participatory nature.

### CE Credits

16 hours of participation credit for those who attend the 2 days of lecture and hands-on. 34 total hours of participation credit to those who attend the 2 days of lecture and hands-on, complete the assigned protocol in their office, and return to document the protocol assignment.

### Protocol Reporting Session

The reporting session for in-office protocols from previous Mastertrack sessions will be held at 5:00 PM on Thursday, September 17, 2015 in the board room of the DoubleTree by Hilton, Wood Dale, IL. **Please RSVP to Dr. Sy Wachtenheim by September 11, 2015 to present protocol reports on past Mastertrack Sessions.**

### Meals

Attendees will be furnished a continental breakfast each morning, lunch each day, and a Friday night banquet, the Dr. Barry Karlov Memorial Bash, at the DoubleTree by Hilton in Wood Dale.

### Who Should Attend?

These hands-on programs were originally designed for AGD Fellows striving to be AGD Masters, but we've learned that these programs can be valuable to all dentists—from new grads to the most experienced clinicians.

### Program Site

Henry Schein Dental  
501 W. Lake St., Suite 108  
Elmhurst, IL 60126  
630-516-3490

## Speaker's Biography

Dr. Neil Warshawsky is a five-time graduate of the University of Illinois. Today he is an associate professor of surgery for the Craniofacial Center at the University, where he oversees the orthodontic clinic. In addition, he owns and operates Get It Straight Orthodontics. Spread over four locations throughout Chicago and the suburbs, he provides care to both the north and south shore communities in Illinois. He is a key opinion leader for several companies. He has authored more than 20 articles, is a member of several study clubs, and is a sought out lecturer both nationally and internationally for his fun but effective presentations.

## Course Description

Our program will start with a review of some of the best technology available today in dentistry. We will discuss practice management issues, as well as techniques to help drive business growth. Scripting as well as role playing will be demonstrated for effective presentation skills. Following an entire morning dedicated to practice management, dental technology, and understanding patients' needs, we will turn our focus to clear aligner therapy. We will focus on different methods available for moving teeth using a clear aligner. Several commercially available systems will be studied. There will be a significant hands-on component where we will plan, design, and build appliances for real patients.

## Course Objectives

1. To gain an understanding of digital dentistry, how it works, where it fails, and how to incorporate it into a busy practice
2. 3D printing—what can you make with it and how can you utilize it?
3. Economics of owning a 3D printer.
4. Understand how to plan, design, and build an Essix retainer.

Name _____	City _____	State _____	Zip _____
Address _____	Office Phone _____	Cell Phone _____	
<input type="checkbox"/> Will attend, or... <input type="checkbox"/> Will not attend Friday night banquet, # attending _____			
Email address _____	September 18-19, 2015 Orthodontics (2 Days)		
Pre-Masters: \$640.00	MAGDs: \$540.00	AGD # _____	
Non-AGD Members \$740.00	Total _____	Check Enclosed _____	Mastercard _____ Visa _____
Card Number _____	Expiration Date _____	Amount: _____	
Signature: _____	Refund Policy: Full tuition refund available without penalty any time before the course begins.		

5. Learn how to fabricate a HIT retainer to close a diastema between anterior teeth.
6. Learn how to create and build a digital surgical guide for implant placement.
7. Learn to create Digital Pontics to hide edentulous sites, while implants are healing.
8. The doctors can bring their own patient cases to discuss and treatment plan with the group.

## New Dentists!!!

Two full Scholarships will be made available at each program to AGD member dentists who have graduated less than 3 years ago!
